

BOARD POLICY

Bingo and Related Gaming Activities

The Board of Education may authorize a parent-booster organization, associated with a district high school and which is chartered within the definition of section 23701(d) of the Revenue and Taxation Code, to use a district high school facility for the purpose of conducting bingo or related gaming activities. Any organization authorized under this policy must fulfill all existing school district, city of local jurisdiction, and state regulations governing bingo or related gaming activities.

The conduct of bingo or related gaming activities shall be limited to no more than one parent-booster organization at each high school.

A report of all district-approved bingo gaming activities shall be presented to the Board of Education in July of each year covering the preceding school year.
