

BOARD POLICY

Restrictions on Use of School Grounds - Dangerous Activities

Due to potential hazards, danger, and noise which create conditions inconsistent with the normal and/or extended use of buildings and grounds for school purposes or which interfere with the regular conduct of school work, the use of motor-powered model aircraft, automobiles, and motorized vehicles, skateboarding, in-line skating, roller skating, and golfing and/or other similarly hazardous activities, are strictly prohibited on any school grounds of the district unless under the direct supervision of person(s) authorized by the superintendent or the designated representative.
