

## BOARD POLICY

Controlled Parking, District Property

No person may drive any vehicle on to, nor stop, park or leave standing any vehicle on any district property, driveway, parking facility, or grounds, whether attended or unattended, except by permission of the school district or a school administrator.

The following persons are given permission to use school parking facilities within posted regulations governing such use. That authorization may be revoked for vehicular and/or parking misconduct on district property.

1. Currently enrolled students
2. Current school employees
3. Parents of enrolled students
4. Persons with authorized business at a school facility
5. Attendees at school events that are open to the public during the time the event is open to the public

Parking facilities designated and posted for student parking only at any district high school or adult education school shall be reserved for use by students enrolled at the school or district employees on any day and during the time school is in session.

Any unauthorized vehicle parked or left unattended in posted parking areas in violation of this regulation will be cited or towed away at the vehicle owner's expense.

Each district facility shall be posted with signs giving notice that unauthorized vehicles may be removed.
