

Administrative Regulation

Police Department, Cooperation with

Permission is granted to any law enforcement officer showing proper identification to conduct reasonable inquiry in the line of duty which is deemed advisable and prudent. If possible, such inquiry must be accomplished in the presence of an authorized school employee, selected by the principal and/or superintendent, to carry out the function of seeing that the laws of the land are upheld at all times, to give due protection to pupils under school supervision. In cases where a female is involved, another female should be present, if possible.

The provisions of this regulation shall not be construed to allow information to be released regarding any student unless the procedures adhere to the provisions of the applicable sections of the Education Code.
